

SHUTDOWNS

Overview

Bright Group

We are an Australian-owned specialist provider of multi-disciplinary trade services supporting shutdowns, maintenance, projects, and ongoing operations. We prioritise data-driven decision-making, responsive execution, and the continuous development of our people.

Since our founding in 2007, we have grown from a small team focused on access services into a comprehensive, end-to-end service provider. Today, we offer a wide range of capabilities, including scaffolding, rope access, mechanical, electrical, design, and training.

What sets us apart is our ability to manage projects of any size or complexity while maintaining the highest standards of quality, safety, and reliability. Our clients value us not just for completing the work, but for delivering it right, every time.

Consortium of Companies:

Services:

- Electrical & Instrumentation
- Rope Access
- Scaffolding
- Structural, Mechanical and Piping

The way we work

Safety

Safety is at the core of who we are. The health, safety, and well-being of our people, partners, and communities guide every decision we make. We foster a culture of accountability, integrity, and respect – ensuring everyone goes home safe, every day.

Diversity & Inclusion

Diversity strengthens our teams and drives innovation. We're committed to an inclusive workplace that values all backgrounds and perspectives, promotes equal opportunity, and builds stronger connections with our people, clients, and communities.

Sustainability

We're committed to sustainability and responsible corporate citizenship. By integrating Environmental, Social, and Governance (ESG) principles across our operations, we minimise environmental impact, support our communities, and drive innovation for a more sustainable future.

Approach

We are agile and collaborative. Our experienced leaders make informed decisions with clarity and efficiency. Supported by extensive internal resources, specialised equipment, and a national network, we mobilise the right support and adapt seamlessly to the changing needs of the work.

THINK CHANGE, THINK BRIGHT

Shutdowns & Operational Support

With extensive experience across a wide range of industrial sectors, at Bright Group we deliver fully integrated shutdown and operational support services ensuring critical work is completed safely, efficiently, and on schedule.

From initial scoping and planning through to full execution, our teams provide end-to-end shutdown management designed to minimise downtime and maximise productivity. Whether you need a small, specialised crew or a fully resourced shutdown team, we have the capability, equipment, and expertise to deliver seamless results in even the most demanding environments.

Our skilled personnel work collaboratively with site teams to deliver tailored, high-quality outcomes across all disciplines. Every activity is underpinned by strong planning, disciplined execution, and a proactive safety culture that ensures work is completed to the highest standard at all times.

Our Shutdown and Operational Capabilities include:
Shutdown Planning and Coordination
Major Equipment Repairs and Overhauls
Rope Access and Scaffolding
Electrical and Instrumentation Services
Structural, Mechanical and Piping services

Proudly supporting large-scale shutdowns and ongoing operational programs, we have built a reputation for precision, reliability, and safe delivery.

Carefully planned.
Safely delivered. Consistently.

Delivering Shutdowns with Precision and Reliability

End-to-End Shutdown & Operational Services

At Bright Group we deliver comprehensive shutdown and operational support across Australia’s major sectors from initial scoping and planning through to on-site execution. Our expertise spans major equipment repairs and overhauls, rope access and scaffolding, electrical services, conveyor and roller maintenance, gearbox and pulley work, and precision alignment, enabling us to complete critical work safely, reliably, and to the highest standard.

We have the capability to mobilise quickly and develop tailored shutdown strategies to meet the specific requirements of each client and site. Our experienced supervisors, tradespeople, and support crews apply structured planning, practical problem-solving, and proven systems to maximise efficiency and minimise disruption to ongoing activities.

An Integrated Team of Specialists

By combining our diverse capabilities, we provide a fully integrated solution for shutdowns, operational support, and maintenance services. Specialists across all disciplines work together as a seamless team, delivering a complete service that meets client requirements.

Leveraging skilled personnel, technical knowledge, equipment, and on-site resources, we respond effectively to unique site conditions and operational demands. Our integrated approach ensures safe, precise, and high-quality outcomes from planning to completion, with proven performance across Australia’s major industrial, resources, and infrastructure sectors.

Comprehensive Shutdown Solutions

With extensive experience, we deliver end-to-end shutdown services that keep critical assets operating safely, efficiently, and productively. From planning and coordination to full execution, our team ensures precision, reliability, and minimal disruption, wherever we operate.

Our areas of expertise include:

Conveyor, Pulley, and Roller Maintenance

Rope Access and Scaffolding

Structural Repairs and Refurbishment

Major Equipment Repairs and Overhauls

Electrical and Instrumentation Services
& brownfield projects

Scheduling and planning

Our integrated approach brings together skilled trades, supervisors, and planners to deliver flexible, scalable shutdown solutions whether embedded within existing operational frameworks or delivered as a standalone service. By combining technical expertise, proven systems, and a strong safety culture, we ensure outcomes that maximise uptime, performance, and reliability.

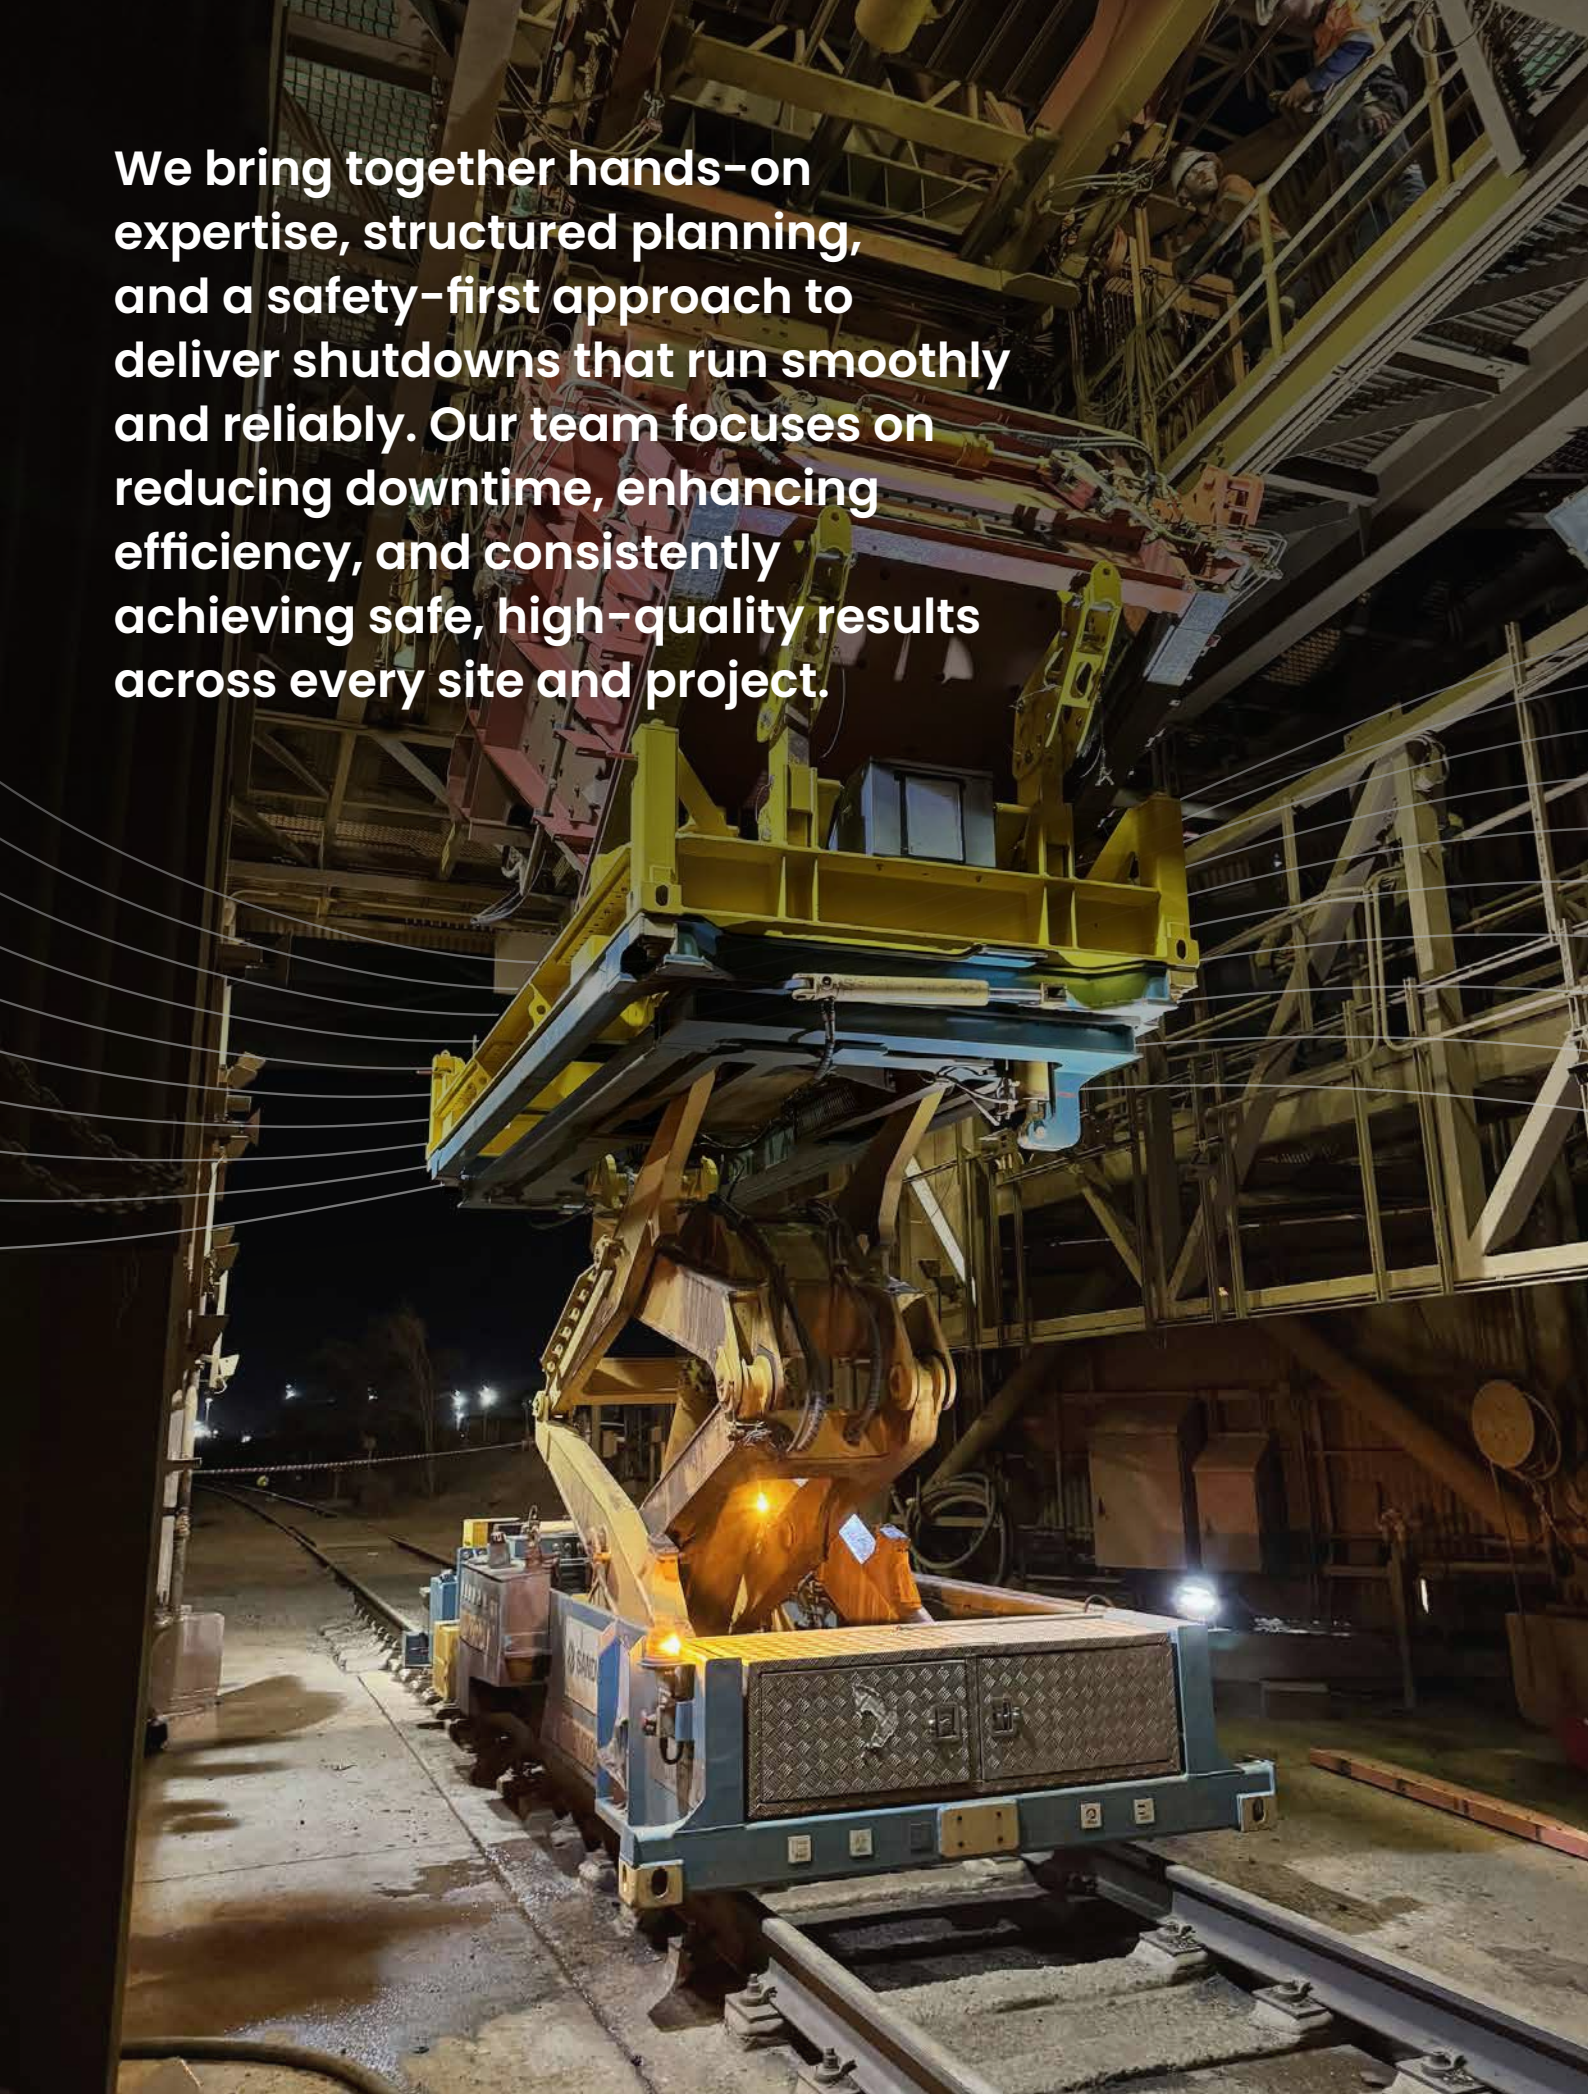

If you're looking for a trusted partner to support your next shutdown, we're is ready to deliver capability, precision, and dependable results.

Planned with precision. Delivered with reliability.
